

# Covid-19 Health Protocol

## La Mascotte

- Disinfection of keys before and after the stay

- Available in each room:

- Self-service hydro-alcoholic gel
- You are carefully invited to come with your personal washable mask. Please note that we will have within the limits of available stocks some single-use masks at your discretion.

- The ventilation of the rooms is done during the day and at least for 2 hours

- Linen management is provided by Dieuzy (local firm) which follows hygiene protocol

- Disinfection of sensitive areas with care (handles, windows, remote control, etc.)

- Instructions in the room indicating when and how the room was cleaned

- Finally, only 3 out of 4 rooms will be rented each day to avoid as much as possible to meet other guests

- The traditional French breakfast will also be served to you individually outside by sunny weather otherwise in the livingroom respecting a space of 1 meter between each host and/or at different times

- Payment could be made credit card. The terminal will be disinfected each time.

*Everything is done to counter the spread of the Covid-19 and to make sure that everything is done to make your stay at La Mascotte as smooth as possible in a soothing atmosphere*

*Your host, despite all the care taken to counter the virus, cannot be held responsible for any possible contamination beyond his control*
